

M. Terre Lucas is the Executive Assistant to the Interim CEO & President. Terre delights in serving people others underestimate. She has learned so much from people who step out of the shadows and advocate for themselves and others. Terre has used her resources to design and lead programs. She has also secured funding for educational and reentry programs.

Terre co-facilitates a social justice book club. She also participates in different activities in the Charlotte area. In her latest venture, **Mokita Meals**, Terre facilitates sensitive dinner conversations. By the meal's end, guests often leave with more questions and access to resources than answers. Terre is also a Trauma Healing apprentice through the Trauma Healing Institute.
