

2024 NATIONAL CONFERENCE
Local Advisory Team

Welcome to the Christian Community Development Association's Local Advisory Team for the 2024 National Conference happening October 2-5 in Portland, Oregon. On behalf of the national office staff, I would like to thank you in advance for the time and energy you will give to the work of the Local Advisory Team as we plan the conference together. The Local Advisory Team plays a vital role in the success of the conference, and I am excited to begin this journey together.

If you are new to CCDA or unfamiliar with the planning structure of our annual conference, you may be wondering what the Local Advisory Team is and what expectations come along with being a member of the team. This manual contains many of those details, but before moving on to those responsibilities, it is important to understand the overarching purpose of the Local Advisory Team, which is:

1. To develop an ongoing fellowship of Christian Community Development practitioners in your region.
2. To provide conference support to the national office staff.
3. To help CCDA build key relationships in the host city that will garner support for the conference from a diverse group of community residents, resulting in a welcoming and impactful conference experience for both attendees and the community.

The following pages contain details of the Local Advisory Team's involvement in helping to plan the annual conference. Please keep in mind that the roles and responsibilities laid out in this handbook are merely a guide.

As you read the manual, please be mindful of the following:

- While the national office works with the Local Advisory Team to coordinate many of the on-the-ground details, the primary role of the team is to build relationships and create community around the conference in the local area. We desire to see partnerships form and continue long after the conference has left.
- The conference is an opportunity for the Local Advisory Team to serve the association's members, staff, and the greater Christian community.

If you have any questions about your involvement with the Local Advisory Team, please contact our Director of Membership, Scott Overpeck at scott@ccda.org.

Blessings,

Lorenzo A. Watson
CEO/President
